SECTION 1 – INTRODUCTION

The Public Utility Commission of Texas (PUCT) issues this request for proposals (RFP) to provide consulting services regarding American Electric Power Texas' ("AEP Texas") securitization financing for recovery of system restoration costs incurred as a result of Hurricane Harvey. This RFP is issued pursuant to Texas Utilities Code, Sections 14.001, 36.401-36.403 and 39.301.

The issuance of securitized bonds involves highly specialized expertise and experience in capital market conditions and debt financing, and the proposed consulting contract will procure services that enable the Commission to fulfill the statutory requirement of PURA §39.301, which states that "the commission shall ensure that the structuring and pricing of the transition bonds result in the lowest transition bond charges consistent with market conditions and the terms of the financing order."

The term of the contract resulting from this RFP is anticipated to be February 1, 2019 to May 31, 2019, or when the transaction has been finalized.

SECTION 2 – DEFINITIONS

As used in this RFP, the following terms have the meanings specified:

- 1) "**Contractor**" means the person, organization, business entity, or other entity that is selected for the contract contemplated by this RFP.
- 2) "**May**" means "is authorized to."
- 3) "**Proposer**" means "a person, organization, business entity, or other entity that submitted a proposal."
- 4) "**PUCT**" or "**the commission**" means "the Public Utility Commission of Texas, an agency of the state of Texas."
- 5) "**Vendor**" means "a person, organization, business entity, or other entity that has been selected for or entered into a contract with a Texas state agency."
- 6) "**Vendor Performance Tracking System**" means "the system the Texas Comptroller of Public Accounts is required to provide under Section 2262.055, Texas Government Code, for evaluating vendor performance." The Vendor Performance Tracking System is located at: <http://txsmartbuy.com/vpts>

SECTION 3 – STATEMENT OF WORK

The contractor will serve as a consultant for the PUCT to provide transparency into and evaluation of the securitization financing process followed by AEP Texas to ensure the PUCT has a basis for allowing AEP Texas to go forward with the securitized financing as proposed or stopping the transaction. As a consultant for the PUCT, the contractor must:

- As necessary, hold preliminary discussions with the transaction’s book-running senior manager to fully understand the type of security that is to be sold.
- Hold discussions with the commission’s designated representative to understand the commission’s objectives and pricing constraints consistent with those objectives.
- Survey and assess the market for comparable securities in the primary and secondary markets.
- Hold discussions with the transaction’s book-running senior manager regarding the market environment and the specific structuring of tranches, amortization, coupons and yields, and call features; as requested, provide relevant feedback to the commission’s designated representative.
- Participate in conference calls with the commission’s designated representative, the utility company, underwriters, and various counsel and consultants with regard to the structuring and marketing plans for the securities.
- Participate in periodic conference calls with the book-running senior manager to calibrate pricing models and discuss evolving market conditions; develop a financial model independent of the book-running senior manager that would allow the commission or its designated representative, the utility, and the book-running senior manager to explore alternative financing strategies.
- Participate in rating agency presentations and investor conference calls.
- Participate in the review of documents relating to the securities’ issuance, the collection of funds for payment of debt service, and the financing structure generally.
- Review and assess the initial “book” of the transaction’s book-running senior manager to evaluate whether the primary market has been accurately surveyed and accessed.
- Evaluate pricing of alternative tranching structures based on evaluation of investor preferences, analyze relative pricing of tranches against specific benchmark U.S. Treasury securities, and assess market environment for other primary offerings as well as U.S. economic indicators that could affect the pricing and scheduled sale of the securities.
- Finalize the transaction’s pricing model and provide feedback to the commission’s designated representative on the securities’ coupon rates, yield, tranching, and structuring in given market conditions.
- Attend pricing of securitized bonds at the offices of the book-running senior manager.

- Negotiate on behalf of the commission and the utility company the appropriate market clearing levels; as necessary, analyze alternatives (such as reducing yields) to reduce the amount of oversubscription and recommend whether the oversubscribed bonds should be re-priced.
- Attend pre-closing and closing as representative of the commission.
- Upon request, attend a commission public meeting and provide to the commission one or more oral briefings on the results of the transaction.
- Provide other written reports as directed by the commission or its designated representative.

Deliverables

Throughout the contract, the contractor must provide updates to the PUC's Contract Administrator at least weekly, or more often if required by the Contract Administrator. These updates may be by phone unless the Contract Administrator directs the contractor to provide updates in writing.

By the final business day of the month following the month in which the transaction has been finalized:

- Contractor must prepare a post-pricing book memorializing the pre-issuance and actual market for the securities.
- Contractor must provide a detailed invoice, as described in Section 2.2, Payment Process of the contract's general terms and conditions.

{The lower portion of this page is left intentionally blank. RFP continues on the next page.}

SECTION 4 – ELIGIBILITY AND EVALUATION CRITERIA

4.A. EEO and HUB Statement

The PUCT is an equal employment opportunity employer and does not discriminate on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability in employment or in the provision of services. This commitment extends to proposers, vendors, and their employees as well.

The PUCT encourages Historically Underutilized Businesses (HUBs) to compete for this award.

4.B. Minimum Eligibility Requirements

4.B.1. To pass the initial screening criteria, proposals must demonstrate that the proposer has: a minimum of ten years' experience similar to that described in Section 3, Statement of Work as it relates to:

- a) Investment Banking;
- b) Working with investor-owned utilities in the structuring, market and pricing of publicly offered electric utility securities;

An entity or company with fewer than ten years' experience as an entity is eligible to submit a proposal if each key member of the proposal team, including subcontractors, has ten years' experience.

Additionally, proposals must:

Under Texas law, vendors may be barred from participating in state contracts that are subject to Texas Government Code Chapter 2155, Subchapter B (General Purchasing Requirements, Procedures, and Programs). TEX. GOV'T. CODE § 2155.077. If a proposer is barred from participating in state contracts, its proposal will be disqualified and will receive no further consideration.

4.B.3. The PUCT is required to purchase goods and services that provide the best value to the state. TEX. GOV'T. CODE § 2155.074. To that end, the PUCT will review information in the statewide Vendor Performance Tracking System regarding proposers' past performance. Any of the following conditions may result in a proposer being disqualified from consideration for this RFP:

- having a score of less than a C in the Vendor Performance Tracking System;
- currently being under a corrective action plan through the Texas Comptroller of Public Accounts;
- having repeated negative Vendor Performance Reports for the same or similar reason; or

- having purchase orders that have been cancelled in the previous 12 months for non-performance (for example, late delivery or failing to meet quality standards).

4.C. Evaluation Criteria

The PUCT will make the selection and award on the basis of the proposer's demonstrated knowledge, competence, and qualifications to provide the services described in Section 3, Statement of Work. All other factors being equal, preference will be given to a proposer who meets one or more of the following criteria:

- Proposer is incorporated in Texas;
- Proposer's principal place of business is in Texas; or
- Proposer has an established physical presence in Texas.

Proposers who may qualify for the Texas Vendor Preference should provide information establishing the applicable criteria as part of the proposal package.

4.E. References

The PUCT may check references as part of the evaluation process. Information gained through reference checks can be used as grounds for disqualification of a proposal if the information casts doubt upon the ability of the proposer to successfully meet the objectives of the RFP.

However, any information obtained through a reference check that is discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability will not be considered.

SECTION 5 – SCHEDULE AND PROCESS

5.A. Anticipated Schedule

Disclaimer: Dates are subject to change at the PUCT’s discretion. Changes to proposer deadlines will be posted on the Electronic State Business Daily (ESBD) website and the PUCT’s Procurement webpage, along with any other RFP modifications and addenda. It is the proposer’s responsibility to periodically check the websites prior to submitting a proposal. A proposer’s failure to review additional information posted on the ESBD and PUCT websites will not release the proposer from requirements described in those postings and could result in disqualification of a proposal or additional costs to meet the requirements of the contract should the proposer be selected for the contract.

5.D.6. Confidential filing is required because this RFP is conducted using a sealed bid process. Confidential filing does not guarantee confidentiality after the RFP has ended and a contract has been executed. Any portion of the proposal considered to be confidential (for example, competitively sensitive information or trade secrets) must be marked with the word, "**CONFIDENTIAL**" in all-caps and bold on each page considered to contain confidential information.

5.D.7. Proposers are advised to seek legal counsel regarding the best way to protect any trade secrets or other proprietary information.

5.D.8. For more information about how the PUCT will respond to PIA requests relating to this RFP, please see Section 7.C. of this RFP, Public Information Act Notice.

5.E. PUCT's Standard Process for Selecting Vendors

5.E.1. The PUCT will assemble an evaluation team that will begin proposal evaluation as soon as practicable after the submission deadline. Evaluation team members will score each proposal individually based on the factors of Proposal Substance and Competence and Knowledge, described under Section 4.C. of this RFP, Evaluation Criteria. The purchaser will calculate scoring for compensation. Evaluation team members will not have access to compensation information while they are reviewing and scoring the proposals.

5.E.2. After individual scoring, the evaluation team will email their scoring sheets to the purchaser. The purchaser will review the individual scoring sheets and compile a summary scoring sheet combining all evaluation team scoring and including the compensation scoring. The evaluation team, with guidance from the purchaser, will then take one of the following actions: recommend selection of a specific proposer, gather more information before selecting a specific proposer; or recommend that the RFP be withdrawn or reposted.

5.E.3. If the evaluation team needs more information to make a decision, the PUCT may request any of the following from one or more respondents: additional information or clarification, an oral presentation, or a best and final offer.

5.E.4. The PUCT may require selected proposers to participate in conference calls, attend meetings in Austin, Texas, give presentations, or participate in all of these activities to provide additional information about their proposals. Any cost associated with any such call, meeting, or presentation will be borne solely by the proposer.

5.E.5. If clarification, presentations, or best and final offers are requested, the evaluation team may request the clarification, presentations, or best and final offers from the top-ranked proposer or proposers only, or all of the proposers, at the discretion of the evaluation team.

5.E.6. Final recommendations will be presented to the Executive Director of the PUCT. The Executive Director may do one of the following: approve the recommended selection in whole or in part; disapprove the recommendation; or defer action on the selection.

5.E.7. The PUCT will begin contract negotiations shortly after the Executive Director approves a recommendation to select a specific proposer. The PUCT may negotiate all portions of any proposal, including, but not limited to: the proposed fee, a final schedule for performance to be incorporated into the contract, and any terms of the contract.

5.E.8. The PUCT will notify each proposer of the final action taken upon execution of the contract with the selected proposer.

5.E.9. No questions about the status of the proposals will be answered while proposals are under evaluation.

5.E.10. The PUCT may reject any and all proposals, amend this RFP, or cancel this RFP at any time. After the proposal due date, the PUCT will only notify proposers who submitted a proposal prior to the proposal submission deadline of amendments to the RFP.

SECTION 6 – REQUIRED COMPONENTS AND FORMAT

6.A. Components

Proposals must include all required attachments and certifications. The PUCT will not accept attachments or certifications submitted after the proposal deadline. Proposals that do not include all required information will be considered non-responsive and will be disqualified.

Proposals must include the contents described in 6.A.1 through 6.A.10 with each section marked with an index tab. (Index tabs may be affixed directly to the first page of each section or included as part of a divider.)

6.A.1. Statement of the Requirements

In this section, each proposer must succinctly state its understanding of the RFP's requirements and describe how it would perform the tasks described in Section 3, Statement of Work.

6.A.2. Competence and Knowledge

Each proposer must provide a detailed work plan to demonstrate how it intends to fulfil the requirements identified in Section 3, Statement of Work. The proposal must include an organizational chart identifying functions and reporting relationships of the personnel who will be assigned to this work. The proposer should also describe any prior experience proposer's organization has in providing similar services.

6.A.3. Qualifications

For each person a proposer identifies to perform the work described in this RFP, the proposer must provide a detailed resume that describes the services they would perform, their qualifications, and their experience.

6.A.4. Compensation

Each proposer must propose pricing to provide the services identified in Section 3, Statement of Work.

Compensation for the services identified in Section 3, Statement of Work must be proposed as a firm fixed price. The PUCT anticipates that compensation will be made out of the proceeds from the bond issuance. This will be dependent upon whether the commission decides to issue an order directing AEP Texas to compensate the contractor. In that case, the PUCT will receive the invoice and, upon approval, direct AEP Texas to pay it.

Unless otherwise approved in writing by the PUCT, payments will be made based upon the invoicing and payment terms of the resulting contract. The PUCT will not reimburse any out-of-pocket expenses or expenses not contemplated at the time of contract execution.

Proposer must demonstrate how elements of the price correspond to elements of the proposed work plan.

6.A.5. References

Each proposer must provide at least three references. Proposers must include a phone number and email address for each reference.

The PUCT prefers references from clients for whom the proposer has performed similar work, including other state commissions or boards.

Proposers must not use the PUCT or any individuals employed by the PUCT as a reference.

6.A.6. Conflicts Statement

Proposers must be neutral and impartial, must not be an entity that has a specific interest in the PUCT's regulation, and must not have a direct financial interest in the provision of electric, telephone, water, or sewer service in the state of Texas.

Proposers having a conflict of interest, as determined by the PUCT will not be eligible for contract award. Proposers may also be disqualified if there are facts that would create an appearance of impropriety, even if no actual conflict exists.

The PUCT will determine whether a conflict of interest or an appearance of impropriety exists from the perspective of a reasonable person uninvolved in the matters covered by the resulting contract. The PUCT is the sole arbiter of whether a conflict or an appearance of impropriety exists.

The requirements for the conflicts statement are as follows:

- It must be signed and notarized by the highest-ranking officer of proposer's entity having responsibility for vetting corporate conflicts of interest.
- It must identify any personal or business relationships of proposers, including all employees and subcontractors of proposers, with: any electric, telecommunications, water, or sewer utility, or any utility affiliate operating in Texas; and any entity having a pending application at the PUCT to enter the Texas retail electric market, telecommunications market, water utility market, or sewer utility market. It must identify the extent, nature, and time aspects of those relationships.
- If a proposer does not have any known or potential conflict of interest or appearance of impropriety, the conflicts statement must include a statement that there is no known or potential conflict of interest or appearance of impropriety. Failure to provide either a statement describing potential conflicts of interest or appearances of impropriety or a statement that no potential conflict or appearance of impropriety exists will automatically disqualify the proposer.
- The conflicts statement must address how the proposer intends to address any known conflicts of interest or appearance of impropriety.

- The conflicts statement must address how the proposer intends to ensure that no interest may arise as a result of its activities or those of its parent, affiliate, or other related entity that will conflict with the proposer's duty should it be selected to provide the services described in Section 3, Statement of Work.
- The conflicts statement must identify a proposer's lobbyists who are registered or required to register with the Texas Ethics Commission and their compensation. The conflicts statement must also describe any involvement the proposer's lobbyists will have in connection with this engagement or electric utility, telecommunication utility, water utility, or sewer utility legislation or policy.
- The conflicts statement must identify any owner, executive, board member, employee, or subcontractor of proposer who has been employed by the PUCT or another state agency in Texas fewer than four years ago. If any individual is identified under this provision, the conflicts statement must disclose: 1) the former PUCT or state agency employee's name and current position with proposer; 2) the name of the state agency; 3) the nature of the previous employment with the state agency; and 4) the dates the employment ended with the state agency and began with proposer. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ these individuals under some circumstances. *See Texas Government Code Section 669.003.*
- The conflicts statement must certify either that the proposer does not employ an individual who has been employed by the PUCT or another agency of the State of Texas at any time during the two years preceding the submission of the proposal or that it has disclosed in its proposal the following: (i) the nature of the previous employment with the PUCT or the other agency; (ii) the date the employment was terminated; and (iii) the annual rate of compensation for the employment at the time of its termination. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ certain individuals under some circumstances. *See Texas Government Code Sections 2254.033 and 2252.901.*
- If the circumstances described by a proposer change or additional information is obtained subsequent to the submission of proposals, the proposer must supplement its conflicts statement as soon as reasonably possible upon learning of any change to their statement. If a supplement to the conflicts statement is required after the deadline for submission of proposals, the supplement is exempt from the requirement that all proposal documents must be submitted before the deadline in order for the proposal to be considered.
- The PUCT encourages proposers to provide complete disclosure of any matters that might be considered a conflict of interest or appearance of impropriety. The PUCT may consider completeness of disclosure in evaluating whether a conflict of interest or an appearance of impropriety exists.

6.A.7. Historically Underutilized Business (HUB) Certification and HUB Subcontracting Plan (HSP)

Any proposer that is HUB certified by the Statewide Procurement Division (SPD) of the Comptroller of Public Accounts (CPA) or one of its predecessors must submit a copy of its HUB certificate.

Additionally, the PUCT has determined that subcontracting opportunities may be available under this contract. Therefore, all proposers, including State of Texas certified HUBs, must complete and submit a State of Texas HSP with their proposal if the total dollar amount of the proposal response is \$100,000 or more.

Proposers can find HSP forms and instructions on the Texas CPA website at:

<https://comptroller.texas.gov/purchasing/vendor/hub/forms.php>

Responses that do not include a completed HSP will be rejected as required by Texas Government Code Section 2161.252(b).

6.A.8. Certifications

Each proposal must contain a signed statement with the following certifications:

- The proposer has made a good faith effort to ensure all statements and information proposer submitted in response to this RFP are current, complete, and accurate.
- The proposer has not given nor offered to give, and does not intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this proposal.
- The proposer is not currently delinquent in the payment of any franchise tax owed to the State of Texas.
- The proposer, the firm, corporation, partnership, institution, or other legal entity represented by the proposer, and anyone acting for such a firm, corporation, partnership, institution, or other legal entity, have not, in connection with this RFP:
 - Violated the antitrust laws of this state or federal antitrust laws;
 - Communicated directly or indirectly the bid made to any competitor or other person engaged in such line of business; or
 - Otherwise violated 15 U.S.C. Section 1, *et. seq.*, or Texas Business and Commerce Code Section 15.01, *et.seq.*
- Under Texas Government Code Section 2155.004, the proposer certifies that the individual or business entity named in this proposal is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.

(A proposer is ineligible to receive a contract award if the proposer is “ a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the bid or contract is based.” *See* Texas Government Code Section 2155.004(a).

- The proposer is in compliance with Texas Government Code Section 669.003, relating to contracting with the current or former executive head of a state agency.
- Under Texas Government Code Section 2155.006, the proposer certifies that the individual or business entity named in this proposal is not ineligible to receive the specified contract and acknowledges that any contract may be terminated and payment withheld if this certification is inaccurate.

(A proposer is ineligible to receive a contract award if the proposer has violated certain laws or been subject to certain penalties in connection with hurricane relief, recovery, or reconstruction efforts. *See* Texas Government Code Section 2155.006.)

- Under Texas Family Code Section 231.006, the proposer certifies that the individual or business entity named in this proposal is not ineligible to receive payment under the proposed contract and acknowledges that any contract resulting from this proposal may be terminated and payment may be withheld if this certification is inaccurate.

(A child support obligor who is more than 30 days delinquent in paying child support, or a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent, is not eligible to receive payments from state funds under a contract to provide property, materials, or services. *See* Texas Family Code Section 231.006(a).)

- If a proposer includes a Texas address in its proposal, the proposer must certify whether or not it qualifies as a Texas Resident Bidder, as defined in Texas Administrative Code, Title 34, Part 1, Chapter 20.

6.A.9. Evidence of Financial Capability

Proposer must provide evidence of financial capability. The preferred evidence of financial capability is an audited financial statement, if proposer has a current audited financial statement available or if it is practicable to obtain one for the proposal. If no audited financial statement is available, proposer must demonstrate its financial capability in whatever manner it deems appropriate. Evidence of financial capability will be considered in evaluating the competence of the proposer.

6.A.10. Other Required Items

- Any proposer incorporated in Texas must include a copy of its current franchise tax Certificate of Good Standing, issued by the Texas State Comptroller's Office, and the corporation's charter number, issued by the Texas Secretary of State's Office.
- Each proposer must provide its 9-digit Federal Employer's Identification Number (EIN) or its 5-digit State of Texas Vendor's Identification Number (VIN).
- Each proposer must provide the name and social security number of each of the following, as applicable: an individual or sole proprietor; or each partner, shareholder, or owner with an ownership interest of at least 25 percent of the business entity submitting the proposal.

Proposers may decline to provide social security numbers at the time of submission, but will be required to provide the information before the contract is executed.

6.B. Format Requirements

6.B.1. Information Sheet – The first page of the proposal submission must be an information sheet that clearly states: the name of the proposer, the name address, and telephone number of the proposer’s point of contact, the project number, and the RFP title and number. The information sheet will be the only portion of the proposal that is not filed under seal. Information sheets must be filed publicly in Project No. 48751.

6.B.2 Copies and Price Information – Proposers must submit one copy of their proposal clearly marked “Original” with an original signature and four additional hard copies of their proposal. Proposers must also submit one electronic copy of the complete proposal on a USB drive in Microsoft Word and PDF. The PDF version must include all required signatures and notarized statements.

Price information required by Section 6.A.4, Compensation, must be included only in the original proposal and the electronic copy. It must be excluded from the remaining four copies. This requirement is to allow the evaluation team to review proposals for the evaluation factors of Proposal Substance and Competence and Knowledge only. Each proposal will separately be given a score for pricing and that score will be applied to the scoring matrix to ensure that price does not inadvertently influence the evaluation of the other factors.

The four paper copies of the proposal must be identical to the original except for the omission or redaction of the price information.

6.B.3. Physical Format Requirements:

- Proposals must be bound in a three-ring binder.
- Proposals must be printed on 8 ½” x 11” white paper using double or 1.5 spacing and 12-point or larger font. Font must be Times New Roman or its equivalent.
- Proposals must include index tabs separating the sections, as described in Section 6.A. Components, above.
- Pages must be consecutively numbered. Numbering must be continuous throughout the proposal.

6.B.4. Proposers are prohibited from using the Texas State Seal or the PUCT Seal in or on the proposal.

6.B.5. Proposals must not contain any extrinsic items, such as promotional items or other things not contemplated in this Request for Proposals.

6.B.6. Page Limit – Proposals must be limited to 50 pages, including all attachments and certifications, but excluding financial capability submittal, section tabs, or dividers. The PUCT may reject any proposals longer than 50 pages without review. In any case, evaluation team members will not be provided any pages past the 50th page.

SECTION 7 – CONDITIONS

7.A. Irrevocable Offer

7.C. Public Information Act Notice

Following the award of a contract, all proposals are public information and subject to release. If the PUCT receives a request for any information submitted to the PUCT in connection with this RFP, the PUCT will follow the requirements of the Texas Public Information Act (Texas Government Code Chapter 552). This includes notifying proposers and the Office of the Attorney General if information that the PUCT knows proposer considers to be confidential is requested under the Texas Public Information Act. The PUCT assumes no obligation to assert legal arguments on behalf of a proposer. The PUCT may release portions of proposals and other information provided by a proposer without notifying the proposer if the information is not conspicuously marked "confidential" on each page.

A copy of the contract resulting from this RFP will be posted on the PUCT's public website. Information in PUCT contracts is public information unless it is made confidential by law. *See* Texas Government Code Section 552.022(a)(3).

At the end of any contract resulting from this RFP, the PUCT will input required information into the Vendor Performance Tracking System regarding the contractor's performance and whether the contractor satisfied the best value standard for this contract. This information is public and other state agencies seeking goods or services are required, under most circumstances, to use the information in the Vendor Performance Tracking System to determine whether or not a particular vendor will meet the best value standard for the purchase of the goods or services.
