

## **Rulemaking Relating to Reliability Must-Run Service – Project No. 46369 Workshop Agenda**

Staff of the Public Utility Commission of Texas will hold a workshop to discuss comments received as of November 28, 2016 in the above-captioned project. The workshop will convene on December 14, 2016 at 9:30 AM in the Commissioners' Hearing Room located on the 7<sup>th</sup> floor of the William B. Travis Building, 1701 N. Congress Avenue, Austin, Texas and may be viewed online at <http://www.texasadmin.com/tx/puct/>.

The agenda for the workshop is shown below. Please contact Julia Harvey at (512) 936-7371 or Mark Bryant at (512) 936-7279 in advance with any questions.

1. Opening remarks from interested parties
2. Consideration of Reliability Must-Run (RMR) capacity in various capacity calculations
3. Modifications to the RMR evaluation timeline:
  - (a) Extension of suspension of operations notice requirements
  - (b) Compensation for extension of notice requirements
  - (c) Confidentiality provision
  - (d) Public comment period
4. ERCOT Board of Directors approval of RMR agreements and alternatives
5. Exclusion of certain resources from RMR consideration
6. Proposed changes to ERCOT RMR review methodology:
  - (a) Developing a criteria:
    - i. Probabilistic analysis
    - ii. Economic comparison of RMR service with alternatives
    - iii. Valuing technical characteristics of different solutions
  - (b) Advanced technology and RMR alternatives
7. Prohibiting resource owners subject to RMR service from submitting proposals to provide alternatives to that service
8. Other issues raised in written comments
