**ORDER APPROVING YEAR-END REVISIONS TO ACCESS LINE RATES
PURSUANT TO P.U.C. SUBST. R. 26.467(h)**

I. Introduction

This order administratively adopts city-preferred access line rates for the City of Spearman. Pursuant to P.U.C. SUBST. R. 26.467(h),¹ Texas cities are allowed to annually revise their access line rates. The rates may be revised either by changing the allocation, or adjusting (increasing or decreasing) access line rates to be at or below the Commission-established maximum rates. A municipality may also choose to exempt lifeline customers or beneficiaries of similar low-income assistance programs from payment of access line fees. On October 23, 2001, the Commission delegated authority to Commission Staff to administratively approve requests by municipalities for revisions in access line rates pursuant to P.U.C. SUBST. R. 26.467(h), provided such revised rates are equal to or below the Commission approved maximum-access line rates.² This order is issued under that authority.

The following table contains the list of city-preferred rates for the City of Spearman. The requested rates are at or below the Commission-approved maximum access line rates.³ These city-preferred rates shall be applied prospectively and shall be implemented by certificated telecommunications providers (CTPs) no later than January 1, 2007.
