

PROJECT NO. 23956

ACCESS LINE RATES FOR TEXAS	§	PUBLIC UTILITY COMMISSION
CITIES PURSUANT TO LINE COUNT	§	
ERRORS FROM CERTIFICATED	§	OF TEXAS
TELECOMMUNICATIONS	§	
PROVIDERS	§	

**ORDER APPROVING CITY-PREFERRED RATES FOR CITIES AFFECTED BY
ERRONEOUS LINE COUNTS**

Background

Under § 283.055(b), Local Government Code, the Public Utility Commission (Commission) is required to establish: (1) rates per access line by category for each municipality; and (2) the statewide average of those rates per access line by category for each certificated telecommunications provider (CTP). Both of these requirements were met when the Commission adopted municipal rates and CTP statewide averages¹. CTPs were required to implement the Commission-established final rates no later than June 1, 2000.

In January of 2001, Verizon Southwest (Verizon) voluntarily disclosed to the Commission that the initial lines counts, submitted previously under the name of GTE Corporation, were erroneous and filed an amended access line count with the Commission. Subsequently, Commission Staff contacted every CTP in Texas that reported access lines for 1998 or 1999 to give them an opportunity to revise their initial access line count.

As a result of these efforts, an additional eleven (11) CTPs have made revisions to their initial access line count. These eleven CTPs, in addition to Verizon, are DMJ Communications, Inc.; e.spire Communications, Inc.; Allegiance Telecom of Texas, Inc.; Choctaw Communications, Inc.; Time Warner Telecom of Texas, LP (on behalf of GST Telecom Texas, Inc.); Level 3 Communications, LLC; Texas AllTel, Inc.; Trinity Valley

¹ *Implementation of House Bill 1777*, Docket No. 20935, Order (May 3, 2000).

Services, Inc.; TXU Communications; Valence Communications Service, Ltd.; and Winstar Wireless, Inc.

On May 24, 2001, the Commission approved corrected fee per access line maximum rates for cities affected by adjustments to the initial line count. The Commission also approved the fee per access line maximum rates for cities where the line count errors were *de minimis*, e.g. did not alter the fee-per-line rate.²

Ruling

To the extent that any municipality affected by a change in access line rates chose to request rates other than those approved by the Commission, the Commission delegated to Staff administrative authority to approve revised rates that meet one or both of the following two criteria³:

- a) The revised rates are equal to or less than the Commission-approved maximum access line rates; or
- b) The rates requested by a city reflect an allocation ratio similar to the current allocation for that city.

The Commission Staff subsequently received feedback from several cities indicating their desire to adopt rates that meet the criteria delineated by the Commission. Through this Order, the Commission Staff approves the city-preferred rates.

Attachments I and II to this Order list the city-preferred rates for those cities that were affected by adjustments to the initial line count and where the maximum rates were revised. These maximum rates were listed in Exhibit A of the Commission's May 25, 2001 order.⁴ Attachment I lists cities that indicated their preference to adopt fee per line rates at the current levels. Consequently, the rates for these cities will remain unchanged from the current levels and will not require billing system changes by CTPs. Attachment

² *Access Line Rates For Texas Cities Pursuant To Line Count Errors From Certificated Telecommunications Providers*, Project No. 23956, Order (May 25, 2001).

³ *Id.* at 8.

II lists cities that have adopted rates that will require CTPs to input new rates into their billing systems. All CTPs operating in the cities listed in Attachment II are required to implement the rates in Attachment II by July 1, 2001.

SIGNED AT AUSTIN, TEXAS the _____ day of May, 2001.

PUBLIC UTILITY COMMISSION OF TEXAS

**TAMMY COOPER
DIRECTOR, DOCKET MANAGEMENT
POLICY DEVELOPMENT DIVISION**
