

## Updated Rulemaking Planner 9-13-16

Project No. 46206

### Rulemaking Regarding Governance, Performance, and Funding of Smart Meter Texas

#### Project Description

The purpose of this project is to amend PUC Substantive Rules to address issues regarding governance, performance, and funding of Smart Meter Texas (SMT), including consideration of an option whereby ERCOT would send the 15-minute interval data that it uses for purposes of market settlement to SMT.
