SECTION 1 – INTRODUCTION

The Public Utility Commission of Texas (PUCT) is issuing a Request for Proposals for a contractor will serve as the Reliability Monitor for the Electric Reliability Council of Texas, Inc. (ERCOT) power region from any qualified, interested persons. The resulting contract will be a tri-party agreement between PUCT, ERCOT, and the chosen contractor.

The Public Utility Regulatory Act (PURA) §39.151(d) permits the Commission to delegate monitoring of rules related to the reliability of the regional electrical network to the ERCOT independent system operator. Since 2010, this function has been monitored through a contract between ERCOT, the PUCT, and an independent third party Reliability Monitor, which ensures that the actions of the ERCOT independent system operator are reviewed in the same objective manner as the actions of other market participants.

ERCOT funds the operations of the Reliability Monitor through the system administration fee, but the Reliability Monitor works under the direction and supervision of the Commission. In order to ensure transparency, the Commission utilizes applicable state contracting procedures in selecting the Reliability Monitor.

Also, Contractor will provide other reliability-related subject matter advice, expertise, and assistance to the PUCT in the conduct of the PUCT's oversight and enforcement activities, on the terms and conditions as set forth herein. The tasks, duties, and responsibilities ("Services") of Contractor will include, but are not limited to, the following:

Contractor may use a variety of methods and procedures to monitor and oversee reliability compliance, including data requests, compliance audits, self-certifications, spot checks, self-reports, complaints, data requests, event analysis, and investigations (collectively "Reliability Monitoring and Oversight Procedures"). Contractor must develop procedures to gather and analyze information and data as needed for its compliance monitoring activities and actively monitor reliability in the ERCOT power region, under the direction of the PUCT. Contractor will perform the following:

Contractor shall maintain confidentiality of all potentially privileged communications. In situations where Contractor is monitoring ERCOT, ERCOT is not included in the privilege and should be excluded from Contractor's communications with PUCT staff and representatives of PUCT staff.

C. PUCT Enforcement Support. The PUCT is responsible for enforcement activities and prosecutions, as discussed in further detail below. Contractor will assist and support the PUCT in its enforcement and prosecution obligations by promptly developing reports, providing technical expertise, and otherwise supporting PUCT enforcement activities as needed. 9. ERCOT is PUCT's agent and representative in the matters contemplated under this contract. Therefore, communications between the Contractor, PUCT Staff, ERCOT, and other client representatives of PUCT Staff made in anticipation of litigation or in furtherance of PUCT Staff's enforcement matters may be privileged under the Texas Rules of Civil Procedure and the Texas Rules of Evidence. Contractor shall maintain confidentiality of all potentially privileged communications.

ability of the proposer to successfully meet the objectives of the RFP. However, any information obtained through a reference check that is discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, veteran status, age, or disability will not be considered.

5.D.7. Proposers are advised to seek legal counsel regarding the best way to protect any trade secrets or other proprietary information.

5.D.8. For more information about how the PUCT will respond to PIA requests relating to this RFP, please see Section 7.C. of this RFP, Public Information Act Notice.

5.E. PUCT's Standard Process for Selecting Vendors

5.E.1. The PUCT will assemble an evaluation team that will begin proposal evaluation as soon as practicable after the submission deadline. Evaluation team members will score each proposal individually based on the factors of Proposal Substance and Competence and Knowledge, described under Section 4.C. of this RFP, Evaluation Criteria. The agency contract administrator will calculate scoring for compensation. Evaluation team members will not have access to compensation information while they are reviewing and scoring the proposals.

5.E.2. After individual scoring, the evaluation team will email their scoring sheets to the agency contract administrator. The agency contract administrator will review the individual scoring sheets and compile a summary scoring sheet combining all evaluation team scoring and including the compensation scoring. The evaluation team, with guidance from the agency contract administrator, will then take one of the following actions: recommend selection of a specific proposer, gather more information before selecting a specific proposer; or recommend that the RFP be withdrawn or reposted.

5.E.3. If the evaluation team needs more information to make a decision, the PUCT may request any of the following from one or more respondents: additional information or clarification, an oral presentation, or a best and final offer. Additional information, clarification, oral presentations or best and final offers will be used to re-score proposals, based upon the same criteria used to score the initial proposals, unless different criteria is specified by the agency contract administrator when the additional information is requested.

5.E.4. The PUCT may require selected proposers to participate in conference calls, attend meetings in Austin, Texas, give presentations, or participate in all of these activities to provide additional information about their proposals. Any cost associated with any such call, meeting, or presentation will be borne solely by the proposer.

5.E.5. If clarification, presentations, or best and final offers are requested, the evaluation team may request the clarification, presentations, or best and final offers from the top-ranked proposer or proposers only, or all of the proposers, at the discretion of the evaluation team.

5.E.6. Final recommendations will be presented to the Executive Director of the PUCT. The Executive Director may do one of the following: approve the recommended selection in whole or in part; disapprove the recommendation; or defer action on the selection.

5.E.7. The PUCT will begin contract negotiations shortly after the Executive Director approves a recommendation to select a specific proposer. The PUCT may negotiate all portions of any proposal, including, but not limited to: the proposed fee, a final schedule for performance to be incorporated into the contract, and any terms of the contract.

5.E.8. The PUCT will notify each proposer of the final action taken upon execution of the contract with the selected proposer.

5.E.9. No questions about the status of the proposals will be answered while proposals are under evaluation.

5.E.10. The PUCT may reject any and all proposals, amend this RFP, or cancel this RFP at any time. After the proposal due date, the PUCT will only notify proposers who submitted a proposal prior to the proposal submission deadline of amendments to the RFP.

SECTION 6 – REQUIRED COMPONENTS AND FORMAT

6.A. Components

Proposals must include all required attachments and certifications. The PUCT will not accept attachments or certifications submitted after the proposal deadline. Proposals that do not include all required information will be considered non-responsive and will be disqualified.

Proposals must include the contents described in 6.A.1 through 6.A.10 with each section marked with an index tab. (Index tabs may be affixed directly to the first page of each section or included as part of a divider.)

6.A.1. Statement of the Requirements

In this section, each proposer must succinctly state its understanding of the RFP's requirements and describe how it would perform the tasks described in Section 3, Statement of Work.

6.A.2. Competence and Knowledge

Each proposer must provide a detailed work plan to demonstrate how it intends to fulfil the requirements identified in Section 3, Statement of Work. The proposal must include an organizational chart identifying functions and reporting relationships of the personnel who will be assigned to this work. The proposer should also describe any prior experience proposer's organization has in providing similar services.

6.A.3. Qualifications

For each person a proposer identifies to perform the work described in this RFP, the proposer must provide a detailed resume that describes the services they would perform, their qualifications, and their experience.

6.A.4. Compensation

Each proposer must propose pricing to provide the services identified in Section 3, Statement of Work.

Compensation for the services identified in Section 3, Statement of Work may be proposed as a firm fixed price or a per-unit price with an estimated total.

Unless otherwise approved in writing by the PUCT, payments will be made based upon the invoicing and payment terms of the resulting contract. The PUCT will not reimburse any out-of-pocket expenses or expenses not contemplated at the time of contract execution.

Proposer must demonstrate how elements of the price correspond to elements of the proposed work plan.

6.A.5. References

Each proposer must provide at least three references. Proposers must include a phone number and email address for each reference.

The PUCT prefers references from clients for whom the proposer has performed similar work, including other state commissions or boards.

Proposers must not use the PUCT or any individuals employed by the PUCT as a reference.

6.A.6. Conflicts Statement

Proposers must be neutral and impartial, must not be an entity that has a specific interest in the PUCT's regulation, and must not have a direct financial interest in the provision of electric, telephone, water, or sewer service in the state of Texas.

Proposers having a conflict of interest, as determined by the PUCT will not be eligible for contract award. Proposers may also be disqualified if there are facts that would create an appearance of impropriety, even if no actual conflict exists.

The PUCT will determine whether a conflict of interest or an appearance of impropriety exists from the perspective of a reasonable person uninvolved in the matters covered by the resulting contract. The PUCT is the sole arbiter of whether a conflict or an appearance of impropriety exists.

The requirements for the conflicts statement are as follows:

- It must be signed and notarized by the highest-ranking officer of proposer's entity having responsibility for vetting corporate conflicts of interest.
- It must identify any personal or business relationships of proposers, including all employees and subcontractors of proposers, with: any electric, telecommunications, water, or sewer utility, or any utility affiliate operating in Texas; any entity having a pending application at the PUCT to enter the Texas retail electric market, telecommunications market, water utility market, or sewer utility market; and any entity likely to have a direct interest or be a participant in the anticipated change-in-control proceedings that are the subject of this RFP. It must identify the extent, nature, and time aspects of those relationships.
- If a proposer does not have any known or potential conflict of interest or appearance of impropriety, the conflicts statement must include a statement that there is no known or potential conflict of interest or appearance of impropriety. Failure to provide either a statement describing potential conflicts of interest or appearances of impropriety or a statement that no potential conflict or appearance of impropriety exists will automatically disqualify the proposer.

- The conflicts statement must address how the proposer intends to address any known conflicts of interest or appearance of impropriety.
- The conflicts statement must address how the proposer intends to ensure that no interest may arise as a result of its activities or those of its parent, affiliate, or other related entity that will conflict with the proposer's duty should it be selected to provide the services described in Section 3, Statement of Work.
- The conflicts statement must identify a proposer's lobbyists who are registered or required to register with the Texas Ethics Commission and their compensation. The conflicts statement must also describe any involvement the proposer's lobbyists will have in connection with this engagement or electric utility, telecommunication utility, water utility, or sewer utility legislation or policy.
- The conflicts statement must identify any owner, executive, board member, employee, or subcontractor of proposer who has been employed by the PUCT or another state agency in Texas fewer than four years ago. If any individual is identified under this provision, the conflicts statement must disclose: 1) the former PUCT or state agency employee's name and current position with proposer; 2) the name of the state agency; 3) the nature of the previous employment with the state agency; and 4) the dates the employment ended with the state agency and began with proposer. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ these individuals under some circumstances. *See Texas Government Code Section 669.003.*
- The conflicts statement must certify either that the proposer does not employ an individual who has been employed by the PUCT or another agency of the State of Texas at any time during the two years preceding the submission of the proposal or that it has disclosed in its proposal the following: (i) the nature of the previous employment with the PUCT or the other agency; (ii) the date the employment was terminated; and (iii) the annual rate of compensation for the employment at the time of its termination. The PUCT is restricted in its ability to enter into contracts with individuals and entities that employ certain individuals under some circumstances. *See Texas Government Code Sections 2254.033 and 2252.901.*
- If the circumstances described by a proposer change or additional information is obtained subsequent to the submission of proposals, the proposer must supplement its conflicts statement as soon as reasonably possible upon learning of any change to their statement. If a supplement to the conflicts statement is required after the deadline for submission of proposals, the supplement is exempt from the requirement that all proposal documents must be submitted before the deadline in order for the proposal to be considered.
- The PUCT encourages proposers to provide complete disclosure of any matters that might be considered a conflict of interest or appearance of impropriety. The PUCT may consider completeness of disclosure in evaluating whether a conflict of interest or an appearance of impropriety exists.

Any proposer that is HUB certified by the Statewide Procurement Division (SPD) of the Comptroller of Public Accounts (CPA) or one of its predecessors must submit a copy of its HUB certificate.

Therefore, all proposers, including State of Texas certified HUBs, must complete and submit a State of Texas HSP with their proposal if the total dollar amount of the proposal response is \$100,000 or more.

Proposers can find HSP forms and instructions on the Texas CPA website at: <https://comptroller.texas.gov/purchasing/vendor/hub/forms.php>

If proposer is unable to make the preceding representation and warranty, then proposer instead represents and warrants that it has included as a detailed attachment in its proposal a complete disclosure of any such court or governmental agency actions, proceedings or investigations. In addition, proposer represents and warrants that it will notify the PUCT in writing within five business days of any changes to the representations or warranties in this clause and understands that failure to timely update the PUCT may result in the proposer’s disqualification at the PUCT’s sole discretion, or if during the performance of the contract, will constitute a breach of contract and may result in immediate termination of the contract for cause at the PUCT’s sole discretion.

The information sheet will be the only portion of the proposal that is not filed under seal. Information sheets must be filed publicly in Project No. 49246.

6.B.2 Copies and Price Information – Proposers must submit one copy of their proposal clearly marked "Original" with an original signature and four additional hard copies of their proposal.

Price information required by Section 6.A.4, Compensation, must be included only in the original proposal and the electronic copy. It must be excluded from the remaining four copies. This requirement is to allow the evaluation team to review proposals for the evaluation factors of Proposal Substance and Competence and Knowledge only. Each proposal will separately be given a score for pricing and that score will be applied to the scoring matrix to ensure that price does not inadvertently influence the evaluation of the other factors.

The four paper copies of the proposal must be identical to the original except for the omission or redaction of the price information.

6.B.3. Physical Format Requirements:

- Proposals must be bound in a three-ring binder.
- Proposals must be printed on 8 ½” x 11” white paper using double or 1.5 spacing and 12-point or larger font. Font must be Times New Roman or its equivalent.

6.B.6. Page Limit – Proposals must be limited to 75 pages, including all attachments and certifications, but excluding financial capability submittal, section tabs, or dividers. The PUCT may reject any proposals longer than 75 pages without review. In any case, evaluation team members will not be provided any pages past the 75th page.

SECTION 7 – CONDITIONS

7.A. Irrevocable Offer

Proposals may be withdrawn in writing before the deadline for receipt of proposals. After the deadline, a proposal becomes an irrevocable offer to provide the services described in Section 3, Statement of Work, with the terms and conditions specified in Attachment A, for the shorter of: a period of 90 days from the RFP closing date or until a contract resulting from this RFP is signed. The PUCT will not return withdrawn proposals.

7.B. Proposals are the Property of the PUCT

All proposals and copies of proposals, as well as any best and final offer, and any records provided to the PUCT by the proposer associated with the evaluation of the proposal, will

become the property of the PUCT after receipt and will be retained in accordance with the PUCT's records retention schedule.

7.C. Public Information Act Notice

Following the award of a contract, all proposals are public information and subject to release. If the PUCT receives a request for any information submitted to the PUCT in connection with this RFP, the PUCT will follow the requirements of the Texas Public Information Act (Texas Government Code Chapter 552). This includes notifying proposers and the Office of the Attorney General if information that the PUCT knows proposer considers to be confidential is requested under the Texas Public Information Act. The PUCT assumes no obligation to assert legal arguments on behalf of a proposer. The PUCT may release portions of proposals and other information provided by a proposer without notifying the proposer if the information is not conspicuously marked "confidential" on each page.

A copy of the contract resulting from this RFP will be posted on the PUCT's public website. Information in PUCT contracts is public information unless it is made confidential by law. *See* Texas Government Code Section 552.022(a)(3).

7.D. Publicity

Proposers are prohibited from making any public disclosures or news releases pertaining to this RFP, any resulting contract, or any results or findings based on information provided or obtained to fulfill the requirements of this RFP or resulting contract. This prohibition may only be waived by prior written approval of the PUCT for the specific disclosure or news release.

7.E. No Proposal Costs Reimbursed

Neither the PUCT nor the State of Texas will reimburse any proposer for any costs related to: preparing a response to this RFP, preparing a best and final offer, providing additional information requested as part of the evaluation of proposals, or making any presentation requested as part of the evaluation of proposals.

7.F. Contract Terms and Conditions

Any contract resulting from this RFP will use the standard general terms and conditions found in Attachment A to this RFP unless changes are negotiated in advance. Many of the terms and conditions are required by law and the PUCT will not negotiate when a term or condition is required by law. Proposers must include any requested changes to the terms and conditions in their proposals.

7.G. Vendor Performance Tracking System

At the end of any contract resulting from this RFP, the PUCT will input required information into the Vendor Performance Tracking System regarding the contractor's performance and whether the contractor satisfied the best value standard for this contract. This information is public and other state agencies seeking goods or services are required, under most circumstances, to use the information in the Vendor Performance Tracking System to determine whether or not a particular vendor will meet the best value standard for the purchase of the goods or services.

Contractor understands that the PUCT and ERCOT are not responsible for payment of any costs or expenses exceeding this amount.

If Contractor believes that changes in the scope of Services to be performed will require Contractor to increase its fee, it must request the PUCT’s written authorization to increase its fee. Contractor must document the changes in the scope of Services and why they will require additional effort. The PUCT must approve the increase in fee by written amendment to this contract before Contractor performs any Services or may invoice the increased fee.

2.2 Payment Process. Contractor must submit an invoice to the PUCT contract administrator with a copy to the ERCOT contract administrator no later than the 15th business day after the month that the Services were performed. If the invoice does not contain required information or documentation, or if the PUCT disputes that the Services were performed in compliance with the contract, the PUCT will reject the invoice and give the contractor its reasons and the opportunity to submit a corrected invoice.

Upon approval of the invoice, the PUCT contract administrator will notify the contractor and submit the invoice to ERCOT for payment. ERCOT must pay all PUCT approved and undisputed amounts within thirty days of initial receipt of Contractor's invoice from Contractor.

Contractor must, for a period of seven (7) years following the later of the expiration or termination of this contract or the resolution of all issues that arise from any litigation, claim, negotiation, audit, open records request, administrative review, or other action involving the contract or documents, maintain its records (electronic and paper) of the work performed under this contract. Records include, but are not limited to: correspondence concerning the subject of this contract between Contractor and the PUCT or ERCOT; Contractor's internal correspondence; and correspondence between Contractor and any third party. Contractor must make all records that support the performance of Services and payment available to any of the following PUCT, ERCOT, PUCT's or ERCOT's designees, or the State Auditor during normal business hours with reasonable notice, upon the request of the PUCT contract administrator or the ERCOT contract administrator.

4.2 Distribution of Consultant Reports. Contractor agrees the PUCT has the right to distribute any consultant report associated with this contract, or to allow another Texas state agency or the Texas legislature to distribute it. The PUCT will also have the right to post any consultant report associated with this contract to the PUCT's website or to the website of a standing committee of the legislature. This provision does not waive any right to confidentiality that the PUCT may assert for the report or any portion thereof.

Article 5. SUBCONTRACTING PARTIES

5.3 Prime Vendor Contract. The Parties expressly agree that this Contract is intended to constitute a prime vendor contract, with Contractor serving as the prime vendor for delivery of the Services made the subject hereof. Unless within thirty (30) days after receipt of said notice by Contractor, said default is corrected or arrangements satisfactory to the PUCT, as applicable, for correcting the default have been made by Contractor, the PUCT may terminate this contract for default and will have all rights and remedies provided by law and under this contract. If the PUCT terminates Contractor for a violation of Section 18.12, of this contract, the PUCT need not provide any notice or opportunity for curing the default. The PUCT will not be liable for any damages or loss to Contractor as a result of termination for cause.

6.3 Termination for the Convenience of the PUCT. The PUCT may, upon thirty (30) days written notice to Contractor, terminate this contract whenever the interests of the PUCT so require. Actual damages, liquidated damages, cost projections, and injunctive relief may also be invoked either separately or combined with any other remedy in accordance with applicable law.

6.6 Survival. In the event that this Contract expires or is terminated pursuant to its terms, the rights and obligations of the Parties under it will end; provided that the provisions of Sections 2.3 through 2.6, 3.5, 4.2, 6.5, 6.6, 7.5, 9.2, 9.4 through 9.6, 17.2 and 19.1 through 19.5, 19.9 and Articles 1, 10, 11, 12, 14, 15, 16, 20, 21, 23, 28, and 29 will survive in their entirety.
