

CHAPTER 25. SUBSTANTIVE RULES APPLICABLE TO ELECTRIC SERVICE PROVIDERS.

Subchapter F. METERING.

§25.127. Generating Station Meters, Instruments, and Records.

- (a) **Generating station meters.** Instruments and meters shall be installed and maintained at each generating station as may be necessary to obtain a record of the output as required, and to show the character of service being rendered from the generating station.
- (b) **Record of station output and purchases of energy.** Each electric utility shall keep a daily record of the load and a monthly record of the output of its plants.
