

PROJECT NO. 46765
PUBLIC UTILITY COMMISSION OF TEXAS

**REQUEST FOR COMMENTS ON STANDARD APPLICATION FOR A CERTIFICATE
OF CONVENIENCE AND NECESSITY FOR A PROPOSED TRANSMISSION LINE
AND APPLICATION FOR A CERTIFICATE OF CONVENIENCE AND NECESSITY
FOR A PROPOSED TRANSMISSION LINE PURSUANT TO §25.174**

The Public Utility Commission of Texas (commission) requests comments on its proposed revisions to the application form for a certificate of convenience and necessity for a proposed transmission line. The proposed revisions to the form would clarify that the information requested in question five of the form includes the maximum height of the tallest anticipated structure(s) in addition to the height of typical structures, would implement the changes to 16 Texas Administrative Code (TAC) §22.52 that are being proposed separately in this proceeding, and would make non-substantive formatting changes to update rule references to the commission's preferred citation style, ensure more consistent use of capitalization throughout the form, and update spacing and punctuation. The proposed form can be found on the commission's website home page under "Filings," using Control Number 46765. The form would be used by an entity applying for a certificate of convenience and necessity under 16 TAC §25.101 or §25.174. Project Number 46765 is assigned to this proceeding.

Comments on the proposed form may be submitted to the Filing Clerk, Public Utility Commission of Texas, 1701 North Congress Avenue, P.O. Box 13326, Austin, Texas 78711-3326. Initial comments must be filed no later than March 27, 2017, and reply comments must be filed no later than April 7, 2017. Sixteen copies of comments to the proposed form are required to be filed. Comments should be organized in a manner consistent with the organization of the form. The commission invites specific comments regarding the costs associated with, and benefits that will

be gained by, adoption of the proposed form. The commission will consider the costs and benefits in considering the adoption of the proposed form. All comments should refer to Project Number 46765.

The commission staff may conduct a workshop on the proposed form, if requested, at the commission's offices located in the William B. Travis Building, 1701 North Congress Avenue, Austin, Texas 78701 on April 11, 2017. The request for a workshop must be received on or before April 7, 2017.

Questions concerning the project should be directed to Kennedy Meier, Legal Division, at (512) 936-7265. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.
